

GRREC Presents...

Common Formative Assessments:

The Power of Assessments *for* Learning

July 25-26 and September 18, 2012

Participants of GRREC's Common Formative Assessment 3-day Training will understand how common formative assessments are the **centerpiece** of an integrated standards and assessment system. This particular training is not designed to be used as a train-the-trainer experience. Instead, classroom teachers, teacher leaders, and administrators will improve assessment literacy through deeper understanding of the assessment-design process and will create a first-draft common formative assessment for use in any grade and content area. Each participant will receive tools for evaluating and improving the quality of common assessments.

Training Includes:

- Setting the Stage
- Introduction to Common Formative Assessments
- Laying the Standards Foundation
- Assessment Formats and Item Writing Guidelines
- Writing First-Draft Assessment Items
- Creating Scoring Guides
- Tools for Checking Item Quality
